

AUTOGRAPH COLLECTION®  
HOTELS

## A NEW LANDMARK

Civic Hotel, Autograph Collection® proudly stands at the intersection of now and next, a landmark for the new Surrey Centre.

Charmingly social and authentically local, the Civic brilliantly embodies the city's vision for a sophisticated, social and business hub.

Civic Hotel delivers a striking message upon arrival: this hotel is comfortable on the cutting edge.

Effortlessly inviting, the mood spills out — to modern rooms richly comfortable and well-considered, to service rooted in Surrey's storied history, to the Plaza with its anything's possible purview and lively local art.

With 144 boutique guest rooms, state-of-the-art conference and meeting space, and varied amenities, this Marriott Autograph Collection hotel is refreshingly cosmopolitan.

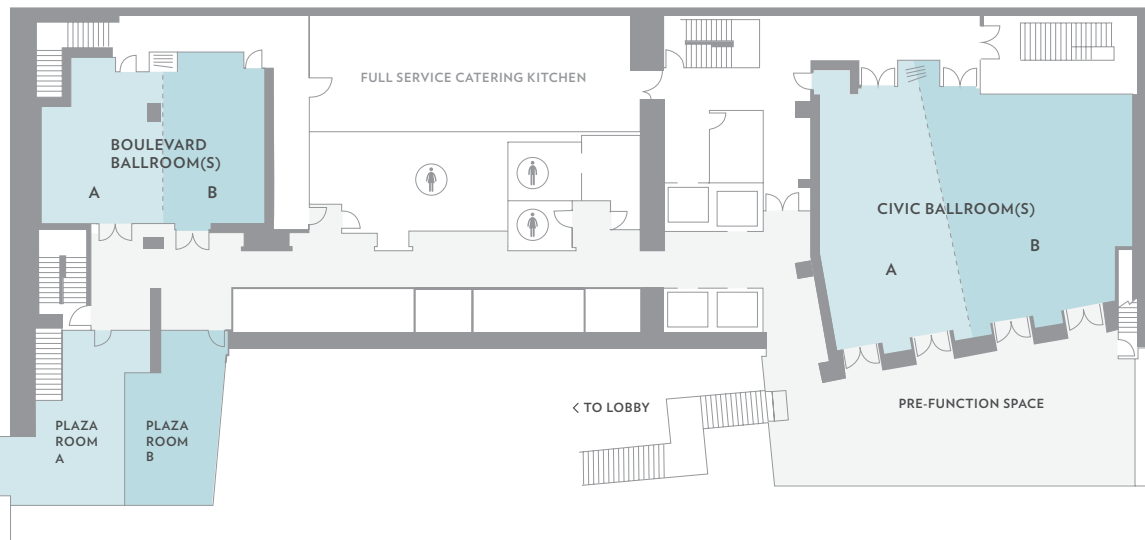

The Civic welcomes business within a climate of collaboration — a diverse mosaic of locals and visitors gather to define innovation. Civic is social.

On SkyTrain, and on the Plaza, Civic Hotel is an iconic centrepiece that forms the hub of this growing metropolis.
